

# The Battle of the Neighborhoods - Week 1

## data:

City will be analyzed in this project : Paris.

We will be using the below datasets for analyzing Paris.

In this project, three different datasets will be used to solve the problem:

*Paris Recorded Crime*, List of Paris Boroughs, \*Foursquare API. After acquiring them from original and reliable sources, they will be wrangled and cleansed into more useful forms for further analysis.

Paris recorded crime
